ABHISHEK PATEL

0112cs221008@gmail.com | 8770321224 | linkedin.com/in/abhishek68 | github.com/abhishek0112cs221008

CAREER OBJECTIVE

Motivated and detail-oriented SDE with strong skills in Java, SQL, and Data Structures & Algorithms (320+ LeetCode problems). Passionate about building scalable backend systems and high-performance full-stack applications. Eager to contribute to real-world engineering challenges while continuously learning modern technologies.

EDUCATION

- **B-Tech in Computer Science & Engineering**   *CGPA: 8.45*
  Bansal Institute of Science & Technology, Bhopal   2022-26
- **XII (MP Board)**   **91.00%**
  Adarsh Narmada Higher Secondary school, Gangeo   2021-22
- **X (MP Board)**   **94.75%**
  Adarsh Narmada Higher Secondary school, Gangeo   2019-20

TECHNICAL SKILLS

- **Programming Languages:** Java, SQL, HTML, CSS
- **Backend Technologies:** Java Servlets, JSP, JDBC
- **Frameworks & Tools:** Git, GitHub, MySQL, Eclipse
- **Core Concepts:** DSA, Object-Oriented Design

INTERNSHIP

Java Programming Intern | Algonive Technologies   Oct 2025 – Nov 2025 (Linkedin)
- Worked with Core Java concepts including OOP, exception handling, collections, and file handling.
- Built small backend modules and improved debugging and problem-solving skills.
- Practiced writing clean, modular Java code and understood real-world development flow.

PROJECTS

1. **VOYA – E-commerce Platform** (Java, JSP, Servlets, MySQL) | GitHub
   - Built a full-stack e-commerce website with authentication, product catalog, and cart system.
   - Implemented admin panel with CRUD operations for products, orders, and users.

2. **URL Shortener** (Java, Servlets, JSP, MySQL) | GitHub
   - Built URL generation, redirection logic, and analytics tracking module.
   - Implemented both real-time analytics tracking and redirection, in conjunction with generating short links.

3. **Expense Tracker App** (Flutter, SQLite) | GitHub
   - Developed a personal finance tracker with offline storage and category-wise insights.
   - Designed responsive UI with real-time balance calculations.

CERTIFICATIONS & ACHIEVEMENTS

- HackerRank: Java(Basic), SQL(Basic), Problem Solving (Basic)
- CoCubes Assessment: 546/800 (National Percentile: 86/99)
- DSA Practice: Solved 320+ problems on LeetCode and GeeksforGeeks
